Mr. Simon Zagov

Vestra Inet Internet Solutions

Simon,

This is a much overdue note to thank you for all of your efforts in redesigning our website. We have had a lot of positive feedback from our clients and your attention to detail and follow through was instrumental in getting the site up and running in an expeditious manner.

We also appreciate your follow up and enhancements made to the site after launch – correcting things that weren't working and making adjustments. All said, it was a pleasure working with your firm and you as the project point of contact.

Without hesitation, I would recommend your firm and you personally for website development and integration.

Sincerely,

Grant Sommers

Manager, Marketing and Communications
